DJ CHI

Funky house with hypnotic vocals. Over 30 years behind the decks, from Stammheim in Kassel to the stage of the Staatstheater.

For over 30 years DJ CHI has moved dance floors with funky, groovy house and hypnotic vocals. It started early, with breakdance, EDM, acid house and trance, until house became his home.

A native of **Kassel**, he sharpened his groove in residencies such as the legendary **Stammheim** and carried it far beyond the city: Love Parade, Nature One and Time Warp, and clubs like Tresor, U60311, Distillery and Kater, in Berlin, Cologne, Hamburg, Munich and Frankfurt.

His current release, the **“Your Love EP” on Jackfruit Traxx**, delivers 90s-style house with a hypnotic vocal, polished by a remix from Nils Ohrmann. Earlier releases on My Favorite Freaks Music and Jackfruit Recordings were made with M.in and Dompe and earned recognition from artists such as Claptone.

Today he is a resident at the Muuuhnnlight Festival and at the Familienfeier events at Graf Karl, and in 2026 he played as the live DJ of **“RAVE” at the Staatstheater Kassel**. The Stammheim era lives on in a documentary and in Jasmin Moll’s novel “Wir waren Schall und Rauch” (2025).
